

CITIZEN TRAIN  
PASSES AWAYThat Most Eccentric American Died in the  
Mills Hotel This Morning.

## HE GAVE AID TO IRISH PATRIOTS

Was Placed in Prison at Downpatrick, Ireland, for Being  
Identified with the Fenian Movement,  
Long Ago.

(Special by Scripps-McLae.)

New York, Jan. 19.—George Francis Train died at Mills Hotel No. 1, where he had lived for some years. His death was caused by heart disease, following an attack of acute nephritis.

He was born in Boston, Mass., in 1820. He was the oldest son of Oliver Train, a successful merchant, who in 1832 removed from the "Hub" to New Orleans with his entire family, consisting of his wife and three children. At the end of their first year's residence in the Crescent City the yellow fever broke out in a most aggravated form, and among its victims the entire family of Oliver Train was numbered, with the isolated exception of George Francis. He was committed to the care of his grandmother.

Has Varied Career.  
He remained there until he was 15 years old, when he started to make a living for himself. He entered the house of his uncle, Enos Train & Co., in Boston, where he rose rapidly and in 1853 he went to Australia and started a business in his own name. He prospered and at the end of three years dissolved the firm and returned to Boston. He engaged in various business enterprises, in nearly all of which he was successful, and in 1853 he went to England and soon became identified with the Fenian movement. He finally was imprisoned in Downpatrick, Ireland. On his release he returned to America and continued to lend his assistance to the Irish cause.

Sues Great Britain.  
With the indomitable "American spirit" of not to be put down, imposed upon, or defeated, he brought suits for damages against the English government for false imprisonment and threatened the people of the United States with being their president. He was one of the founders of Omaha, Neb., and was a large landholder there.

While in Omaha he conceived the

idea of constructing the Union Pacific railroad. He laid out a number of additions to the city and organized the Credit Foncier and Credit Mobilier for the purpose of raising money to finance the Union Pacific. Subsequently he lost most of his Omaha holdings.

Endeavors the Globe.  
Early in the year 1890 Mr. Train made a trip around the world in sixty-six days. He said his psychic force overcame all obstacles, enabled him to overturn Japan's passport system, caused him to be mistaken for the mikado, helped him to beat the fastest boats and get in ahead of the English mails.

Mr. Train often told the history of his life and the pathetic story of the deaths of his family by yellow fever. "When 2 years old," he said, "my parents moved to New Orleans. In 1833, when I was 4 years old, the great fever raged. I was only 4 years old, but I remember they had no coffins at New Orleans, no gravestones, no hearses, but every day a great cart came lumbering down the street, and a hoarse cry would resound: 'Aw-hoo-o-o; bring out your dead!'

Death of Sisters.  
"Then my little sister Lulu died. They put her in a little pine box. Then my sister Ellen died, as frail a little flower as ever bloomed. That child's face has never left my memory, and when she was put in the box I waited wonderingly for the call, 'Bring out your dead!'

Then my dear old mother followed, and then my nurse. My father then received a letter from my grandmother. 'For God's sake, send one of the family north before they are all dead. Can't you send George Francis to me, and save a remnant of your race?' A tax was then fastened to me marked 'John Clark, Boston. Take good care of the little fellow. They are all dead but him.' I was put on a steamer and I floated down the Mississippi up the Gulf stream to Boston, and I seem to be floating still."

Theatres Opening to Public...

Will Act Tonight.

(Special by Scripps-McLae.)  
Chicago, Ill., Jan. 19.—By a vote of 47 to 8 the city council at four o'clock this morning after a stormy session of eight hours passed the new theatre ordinance. The question of opening the play houses was left to be decided at an adjourned meeting tonight.

JANESVILLE MEN  
WIN MANY PRIZESWill McVicar and Roy Pierson Bave  
Captured Ribbons from the  
Broadhead Show.

The annual mid winter fair and the exhibit of the Southern Wisconsin Poultry association came to a close at Broadhead yesterday afternoon. From point of attendance and number of birds exhibited it was a pronounced success and two Janesville exhibitors of fine bred chickens carried off prizes. Roy Pierson had a cock and two black Minorca pullets on exhibition and secured two first and one second, and William McVicar had two cages of black Langshans on which he received eight prizes in all—two first on a cock and hen, two seconds on a cock and hen and one third on a hen and three special prizes. There is some talk of bringing the show to Janesville next January and holding another mid winter fair in connection. The show which closed yesterday opened last Friday and fully four hundred fine bred fowls were entered for the coveted prizes.

Christian Israelites has appeared in Boston, with members scattered throughout Charleston, Somerville, Medford and Roslyn. Part of the crowd is for the men to allow their whiskers to grow as long as possible and the hair to such length that it has to be coiled up like a woman's. They predict the millennium in 1916. Senator Carrose introduced a bill prohibiting the issuing of money orders or the registering of letters on Sunday.

The new ordinance is very drastic and prevents the re-opening of three places of amusement. The Masonic Temple Roof Garden, Sam T. Jack's, and La Salle street theatre. Stool curtains are specified; automatic sprinklers, fire alarm boxes provided and other stringent details in new construction are ordered.

Condition of Affairs at St. Petersburg  
Say All Is Very Quiet  
Now.

(Special by Scripps-McLae.)  
Washington, Jan. 19.—According to dispatches from Minister Allen at Seoul today a panicky condition of affairs prevails at the Korean capital, induced by foreign influence. The state department's Pekin and St. Petersburg advices today are favorable to a continued peace, but the belief is expressed by officials that it is only a matter of time before the war breaks out.

## STATE NOTES

Willie, the 12-year-old son of Chas. Webber of Baraboo, was thrown from a delivery wagon in a runaway and fatally injured.

Oscar Simonsmeyer of Elkhart Lake was kicked on the head by a horse and suffered a fractured skull. His condition is serious.

Miss Agnes Slosson of Kenosha, daughter of Frank Slosson, secretary of the Bain Wagon works, will be married to Robert G. Gould of Chicago.

The 80th birthday of Mrs. Ann Paley, mother of John Paley, president of the Beloit State bank, was celebrated on Monday in a reception to her lady friends.

Judge John Brimley of La Crosse has accepted an invitation to act as one of the judges in the Iowa-Minnesota university debate, to be held at Minneapolis on Jan. 25.

A man named Wines was run over and killed at North Fond du Lac by an interurban electric car Monday evening. He was a hostler of one of the hotels of Fond du Lac.

The Wisconsin and Michigan railway company has leased 100 flatcars from the Southern Indiana road and is having them rebuilt in the shops at Peshtigo for use in the log service.

George Vanderhelden's house in Lawrence, near Depere, burned to the ground Sunday afternoon. Neighbors rescued Mrs. Vanderhelden, who was confined to her bed, by taking her out of the window.

Four persons injured, two seriously, is the record of an Appleton coasting party Sunday night. Miss Mabel Beyer suffered a broken leg, a boy was knocked unconscious and sustained internal injuries, and two girls were badly bruised and cut.

The demand for help at the two free state employment bureaus in Milwaukee and Superior will exceed the supply. Last week there were 163 applications for help and only 152 for employment. All of those who applied for work were furnished with it.

GHOULS ADMIT TAKING  
FIRE VICTIM'S MONEYSaloonkeeper and Companions Con-  
fess to Robbing Woman of \$200  
After Iroquois Disaster.

Chicago, Jan. 19.—How the body of a woman, fatally burned in the Iroquois fire, was robbed almost before she was dead, and how the money, \$200 or more, was divided among four men, was told to the police by Louis Witze. His confession was supplemented by the admissions of Charles Conway and Thomas McCarthy, who shared in the plunder.

The three men are prisoners at Central station. In addition, Witze will probably lose the license for his saloon at Randolph and Dearborn streets, where the body was robbed on the afternoon of Dec. 30. The victim of the ghoul's was Mrs. R. H. Trask of Ottawa, Ill. She was found unconscious in the theater by firemen and carried into Witze's saloon.

A physician and two assistants were called in and worked over the woman, but she died. In her coroner when her dress was opened at the throat was found \$210. This was handed to Witze, who, with Conway, McCarthy and another man, stood by watching the doctor at work. To a policeman who was called in later to take the body to Carroll's undertaking rooms Witze gave \$11 and Mrs. Trask's watch.

When Mrs. Trask's daughter was notified she informed the police that her mother had carried about \$300. An investigation was begun at once by detectives, and when it was learned that the dying woman had been taken into Witze's saloon he was arrested.

HARVEST OF ICE  
CROP COMPLETEDBEST FORMATION IN YEARS CUT  
FROM RIVER.

QUALITY CLEAR AS CRYSTAL

City Ice Co. Put Up Many Thousand  
Tons—Seventy-Five Men Were  
Engaged in Harvesting.

The annual ice harvest has been completed. It has been gathered by the City Ice company from Rock river at a point above the railroad bridge, in the center of the river north of the city. It measures from 12 to 14 inches in thickness and is reported to be better this year than heretofore. Mr. Henry Tall said today that his winter's crop is the most perfect he ever saw in his career as dealer in the frigid article. "It is solid, clear as crystal and as good on top as at the bottom. We have put in over 9,000 tons, exceeding last winter's supply by about 1,000. We have three houses, one of which holds a little over 3,000 tons, while the remaining two have a capacity of 6,000 tons."

The cutting of ice was commenced ten days ago. There was a force of 75 men at work and stormy weather did not impede the work of harvesting, the company expecting to have the private ice houses about the city filled this week.

Many Private Houses  
The company have also to fill the following private ice houses: William Hemming & Son, 300 tons; Bland Institute, 40 tons; Schlitz Brewing company, 40 tons; Saurtwell Co., 50 cords; Gund Brewing company, 60 cords.

JAPAN READY  
TO BEGIN WARMikado's Ministry Aims To End All Negoti-  
ations with the Russians Soon.

## ALL DELAYS FAVOR CZAR'S TROOPS

Muscovite's Notes Are Marvels in Diplomatic Composition,  
and Mean Really Nothing But Delay,  
for the Present.

(Special by Scripps-McLae.)

Tokio, Jan. 19.—Negotiations between Japan and Russia are expected to continue until Jan. 22. Unless satisfactory assurances are then received from the Czar, Japan will strike. The Mikado's Ministry is more than ever convinced that the Muscovite government is seeking only to gain time. It has been determined not to permit an indefinite continuation of the negotiations, with the certainty that every day's delay adds to the Russian strength in the Orient.

Russians Are Evasive.  
It is reported in official circles that a note was received from the Russian Minister, so cleverly worded as to appear to make all desired concessions, but really qualified in such a manner that its assurances are completely nullified.

The communication contains a proposition to respect all rights and privileges claimed by the powers under existing treaties in Manchuria. It is

specified, "However, that such rights must not prejudice Russia, and the establishment of foreign settlements in Manchuria is also forbidden."

Japan Ready for War.  
In the meantime, preparations for war have been practically completed. The government called to Europe its acceptance of the offers made by the Vickers-Maxim and Armstrong Ship Building companies for the construction of a Japanese battleship each. The vessels will be of 16,400 tons each and the most powerful armament afloat. They are to be delivered within eighteen months.

Bankers Close Business.  
Japanese bankers are closing up their accounts in Manchuria and discontinuing business there. The government is seeking agents in both Manchuria and Korea to keep it informed of all Russian movements. The Russian occupation of Shin-Tsun, thirty miles west of Mukden, is reported to be an accomplished fact.

SEEKS RECIPROCITY  
WITH UNITED STATESFrench Customs Commission Advo-  
cates a Commercial Treaty Be-  
tween the Two Countries.

Paris, Jan. 19.—The customs commission appointed a year ago, in part as a result of American competition, to investigate the commercial conditions of the world, with a view of modifying the French tariff, has concluded its labors and submitted its report to the Chamber of Deputies. In the report is included the result of the investigation into the conditions in America made by Jules Siegfried, Minister of Commerce.

The report urges France to cultivate trade relations with the United States with a view to getting the two countries to exchange commodities on a more equal basis than is now the case.

The protective tariff maintained by this country, while criticised, is really made the basis for the advocacy of reciprocity.

M. Siegfried points out that while France sells each American 3 francs' worth of goods, the United States sells an average of 11 francs to each Frenchman. He shows that almost half the American products imported by France are admitted free, while the majority of French exports to America must pay high duties, and asserts that a commercial convention between France and the United States would be favorable to the former country.

A case of smallpox has been reported in St. Croix county, about two and a half miles from Hammond.

(Special by Scripps-McLae.)  
Indianapolis, Jan. 19.—Before beginning the regular business of the morning the convention of Mine Workers responded to an appeal of the Salvation Army for aid in a case of destitution and the hat that was passed had a hundred dollars in it when returned to the desk. Then the miscellaneous business was taken up. The auditor's report showed the income of the year to have been \$552,671 and the expenditures \$573,593 and the cash on hand to be \$1,106,198.

## PUTS A PREMIUM ON LYNCHING

Mississippi Legislator Asks the State  
to Modify Existing Law.

Jackson, Miss., Jan. 19.—Legislators feel a deep interest in the measure introduced by Senator H. J. McLaurin of Rolling Fork, which seeks to "differentiate lynching from murder." Senator McLaurin seeks to so amend the criminal statute that a person convicted of participating in a lynching or other action of mob violence resulting in the loss of life cannot be condemned as for murder, or even assault and battery, with the intent to kill and murder. More briefly stated, participation in a lynching shall be a lesser crime than committing murder, and the punishment for lynching shall be such as may be fixed by the trial jury and not by the court.

INTERURBAN TRAFFIC IS  
RESUMED THIS MORNINGPassengers Had No Narrow Escape From  
Accident Last Night—Accident  
Occurred Near 4 O'clock.

Either the new interurban car, "Martha," ran into a switch engine at the North-Western crossing on the belt, line near the Choate-Kohlert factory at half past three o'clock, or half past two, yesterday afternoon, or the switch engine ran into the interurban car. Appearances incline to the latter side of the dispute. At any rate the front end of the car was crushed like an egg-shell and it will cost upwards of a thousand dollars to put her in shape again, and all interurban communication between Janesville and Beloit was cut off until four o'clock this morning.

Passengers Not Endangered  
The regular passenger car which left Milwaukee street at 3:18 p. m. had reached siding No. 2 when the accident occurred. There was no danger to her as the conductor crossed the track and signalled as is required. The "Martha" started out to follow her slowly to Beloit and was at least fifteen minutes behind as it reached the crossing. The "Martha" had a loose axle and was on her way to the car shops in Beloit. There were three men aboard her, according to some; two according to others. When she reached the crossing it is claimed by the railroad men that the two men running her were running alongside to the left of the car, watching the loosened axle and the wheels and that they did not see the engine approaching. It is also claimed that they neglected to take the usual precaution of sending a man ahead before crossing the tracks. Foreman Cotton who was running the car denies this and says that he went ahead himself before taking the crossing, and that the track was clear at that time.

Near Four O'clock  
Agent Glenison and Yardmaster Griffin say that the accident occurred about four o'clock. The switch engine had an air-brake coal car attached and was going at the rate of about four miles an hour. She left the yards at 3:45. It is the custom when an engine goes upon the belt line to telephone the man in the Y tower that it is in the clear, so that there may be no danger of accident, and that this was done in this instance. The North-Western crew assisted in putting the interurban car back on the track.

STATE LAW AND  
THE FIRE CHIEF

LEFT TO REMEDY EXISTING DEFECTS IN FIRE PROTECTION.

## COMMITTEE MAKES A REPORT

On Conditions in School Buildings, and Makes Recommendations—May Increase Fire Department.

There is a city ordinance regulating construction, but none regulating the use of theatres, public halls, school houses, and other public buildings as regards the protection of life in case of fire or panic in any such building. That ample provision is made under the general laws of the state which force owners to provide fire escapes, standpipes, and other means of safety. The power to enforce is conferred upon the chief of the fire department and the penalties are much more severe than could be enforced under city ordinances.

The committee delegated by the council to make an examination of public buildings and report on any existing ordinances regulating the precautions to be taken against fire, announced to the city council last evening that the above state of affairs existed as far as the ordinances were concerned. The committee also reported that in company with the committee appointed by the fire department and the chief of the fire department they had made an examination of the various school buildings. From such examination it was the consensus of opinion that there should be placed upon the new high school building, on the west side, an iron stairway leading from the auditorium to the ground, with a wide door swinging outward. Also that the present fire escape upon the south side of the building be improved, by making doors of the present windows and by having the same cut down to the level of the floor and lowering the present platform down to the level of the floor.

The Lincoln School committee reported that they found one room upon the third floor that was not in a suitable condition and that they believed that an addition should be made to the building so as to avoid the use of this particular room. The other school buildings were found to be in good condition and the committee had no recommendations to make in regard to the same.

Myers Grand Theatre. The condition of the Myers opera house was not satisfactory to the committee, but the members believe that the chief of the fire department has sufficient authority under the state laws to have the building placed in proper condition. It was also the opinion that Mr. Myers should have a fire alarm box placed in the house in some convenient place without delay.

Shortage in Men. In conclusion that it had been informed by the chief of the fire department that he has been frequently requested by Mr. Myers and others to send a fireman to the opera house and other public gatherings at different times, but that owing to the small number of men employed in the department, he has been unable to comply with their requests. The question of increasing the fire department force has been under consideration for some time and the committee recommended that the matter be referred to the fire and water committee, to investigate and report on the advisability of the same. The committee consisted of Aldermen E. W. Lowell, W. W. Schwartz, James Mills, W. H. Judd and Edward C. Schmitt.

Enforcement Ordered. In the discussion that followed the presentation of this report, inquiry was made as to whether the statutes said anything about theatre curtains. The city attorney was very certain that they did not. The report was accepted and placed on file. Alderman Matheson moved that the chief engineer of the fire department be instructed to forthwith enforce the laws of the state relating to his department. Alderman Sale wished to take exception to the statement in the newspapers wherein he was reported as having said that the high school auditorium was the worst place in the city. He had not stated this in his opinion and he said that he had been told that it was the worst place in the city. He thought the recommendations of the committee were good and thought that the council should go right on with the work.

State Law "Cure-All". He offered a motion that the building committee correspond with the manufacturers of iron stairways. Someone suggested that the fire chief would look after that and the motion was lost for want of a second. Alderman Schwartz stated that in his opinion something ought to be done about the narrow passageways and dangerous conditions existing in the Lincoln school. Mayor Wilson said that his attention had been called to the conditions existing in some of the public halls. One of the aldermen suggested that these would be covered by the statutes. And there the matter dropped. The beneficent operation of state law, so far as last night's meeting is concerned, and the chief of the fire department, are left to remedy all of the defects in fire protection that may exist in the city of Janesville.

BELOIT WILL BE  
MUCH REJOICED

Ten Men To Buy Up the Inter-State Fair Property, and Form Another Association.

Without a doubt Beloit will have a new fair and driving association after March 2, on which date the grounds and buildings are to be sold to the highest bidder.

As has been intimated the stockholders voted last Saturday afternoon to offer the property for sale to satisfy the mortgages of \$10,000 and other indebtedness amounting to nearly \$12,500. It is understood that ten men in the old association who have been bearing the heavier part of the financial burden, will buy the property if possible and organize an organization which will conduct a fair and race meet every summer. This will assure Beloit citizens and people of the surrounding country a continuance of the attractions which have been so much enjoyed in the past.

It is understood that the active management of the new association will be in nearly the same hands as at present. Failure of the stockholders to subscribe for the balance of the stock unsold is responsible for the sale to avoid foreclosure of the mortgages.

Rockford Register-Gazette Tells of the Arrest of a Former Janesville Man.

Rockford Register-Gazette: A traveling doctor said to call from Janesville and known as Dr. Black, Dr. Bell and various other names, was arrested Friday night at a cafe on South Main street and placed in the county jail to await a hearing on the charge of securing money under misrepresentation. He claims to be a member of every secret society known and is after every one who will stand for a touch. Frequent complaints were registered against his actions and he was finally rounded up by the authorities.

EGGS CHEAPER  
THAN LAST WEEK

They Are "Worth Twenty Cents a Dozen Today—How 'o' Make Hens Lay.

Eggs are worth thirty cents today. The hens are wondering how the prices affect their laying but the wisecracks tell them that if they do not lay now they will have to do so at a time in the spring and perhaps the annual mid-winter strike is broken. The Farm Students' Review tells the farmer how to make the wandering and versatile hen lay in the following manner: Perhaps it may help the prices in Janesville and its vicinity and so is given freely for the public good.

In planning the winter campaign with the hens the first consideration is the poultry house. Examine it carefully, give it a thorough cleaning and whitewashing, and carefully bathe all cracks to keep out the cold. In some cases it is a good plan to bank up the building with earth for a height of two or three feet. Cover the floor with straw or chaff, which should be renewed at least once a week. This covering is for two purposes, to keep the hens' feet warm and to furnish exercise by making them scratch for the grain which should be scattered in the straw.

For the morning feed give the hens a mash made of a mixture of bran, shorts, and cornmeal, chopped clover hay, and a little condition powder in the form of red pepper. This should all be stirred up with enough hot water to make a thick, crumbly mass.

It is a good plan to put in a handful of broken plaster for every ten hens. If you have no broken plaster, make mortar the same as for mason work and let it harden, then break it up. Give the hens only as much of this mash as they will eat up clean in a short time.

At noon give them some cabbage, beets, or turnips, or any kind of green food to keep them busy. Feed them their grain (wheat or oats) toward evening and let them scratch in the straw for it. Vary their feed once in a while by cleaning out the horses' manure and giving the chaff to the hens to scratch over.

COUNCIL PASSES  
THE SUBSTITUTE

FRANCHISE TO INTERURBAN CO BY VOTE OF 7 TO 3.

## PROMOTERS NOT TO ACCEPT

Probable Attitude Intimated by Atty. Wheeler in Address to City Fathers—Flat Statement This Morning.

After a series of consultations extending over a period of ten days, the city council last evening granted to the Southern Wisconsin Interurban Ry. Co. a substitute franchise which the company, according to Donald Hayes, cannot accept. The third reading of the ordinance as substituted was ordered.

Substitute Franchise. The substitute grants to the Southern Wisconsin Co. the right and authority to construct, maintain and operate a street railway for the full term of fifty years. It is stipulated that no switch, side-track, or turn-out shall be placed on North Main street south of Fourth avenue. The right is granted to the said company "to use passenger cars, in one end of which shall be a separate compartment, extending not to exceed one-half the length of such car, for the carriage of parcels, packages, and personal baggage."

Manner of Construction. The manner of construction of said railway is prescribed as follows: The road-bed on streets not paved shall be macadamized for a space of eight feet for single track and sixteen feet for double track and the tracks shall be laid with rails of the tee or modern grooved pattern, as the council shall elect, and shall be laid and maintained upon the established grade of said streets or avenues over which it shall pass. If the surface of any streets upon which such tracks shall be laid is above or below the established grade of said street, it shall be the duty of said railway to raise or lower the surface of said street so as to correspond with the established grade of said street, and the excavation, filling and grading necessary to make such change in the surface of the street shall be done and he paid for by said railway company.

In Case of Improvements. Whenever the city of Janesville shall pave, re-pave, macadamize, remacadamize, or otherwise improve any street or streets over which said tracks shall pass, the company shall pay the actual cost for a space of eight feet for single track and sixteen feet for double track. The rate of fare in the city limits is fixed at five cents with the customary rates for packages of six, twenty-five, and a hundred tickets.

Time is stipulated. It is provided that the construction of this railway must be commenced within one year and it must be completed and in operation not later than three years from the date of the passage of this ordinance, otherwise the grant may be declared null and void, unless the completion of said railway is prevented by legal proceedings. The council is empowered to extend the time if it is shown by satisfactory proof that the work has been prosecuted with vigor and that any delay was beyond the control of the company.

Bond of \$10,000. The said company shall within ninety days after the passage of this ordinance file with the city clerk its acceptance thereof and shall deposit with such acceptance a bond in the penal sum of \$10,000, with sureties, approved by the mayor of the city of Janesville, as security for the construction of said railway and the operation of the same in the manner and within the time herein provided for, and to secure the city of Janesville against any loss or damage which it may sustain by reason of any injury to any person or property upon an street in said city on account of the construction of said railway; but the amount of the penalty of the bond shall not limit the amount of the liability of said company to said city.

Streets Are Defined. The railway is permitted to operate a line along the following streets: North Main street from Milwaukee to Fourth avenue; Fourth avenue from Main to Bluff; North First from Main to Bluff; North Bluff from North First to city limits; or at its option instead of going on North Bluff from North First to Glen street, thence easterly on Glen street to Hickory, thence northerly on Hickory to St. Mary's avenue; thence easterly on St. Mary's avenue to Milton avenue; thence northerly along Milton avenue, to city limits. The election of one route shall constitute an abandonment of any rights on any other route mentioned.

Attorney Wheeler Speaks. After Judge Sale had offered a motion for the adoption of the franchise, Attorney Wheeler for the company said to the council: "I am not here to read a substitute as read differs some from any substitute the railway company has had the privilege of examining. Let it be understood that the company does not ask for the passage of this substitute. The ordinance we presented secured to the merchant the privilege of shipping anything within reason to his customers. I am not sure that this secures that right. I will say that the petition circulated in Janesville and signed by some 300 merchants asked explicitly for the passage of the freight clause. That petition was not circulated at our behest. It was done voluntarily. If we are given the right to carry freight in passenger cars no different from others in their exterior appearance, then the interests of the public are sufficiently safeguarded and the burden of deciding what is a package and what is a parcel does not rest on us. The company also objected to the penalty bond of \$10,000, deeming \$5,000 adequate and all that they could afford. We do not ask for the passage of the substitute and do not agree to accept it."

Three Vote "No". In the vote on the passage of the ordinance Aldermen Council Members, and Schwartz voted "no." Alderman Matheson voted "yes."

erman Matheson filed with his affirmative vote a statement wherein he said that he had been in doubt as to the expediency of granting a fifty-year franchise. As a general proposition he was of the opinion that municipal governments should be bound for more than thirty-five years. The present stringency in financial circles and the anxiety of the people of Janesville to secure an interurban road to Madison had caused him to concede this point in the present instance. The vote was carried, 7 to 3, and the franchise matter became a "closed incident" forthwith.

WEARY WILLIES  
ARE REJOICING

Barbers' Board Doing Good for the Denizens of Milwaukee Now.

Under the watchful eye of Marlon H. Whitaker, of Janesville, Alex. Dunham of Superior, and Henry Helms of Reedsburg, the aspirants for the coveted certificate as a regular barber, are taking their examination in the art of shaving a customer without cutting him and showing what they know of taking care of their instruments from a purely sanitary standpoint at different Milwaukee shops. It is a great chance for the weary Willies of the great city of Milwaukee and the chance to get a first class shave and hair cut with pomade and hair tonic and hot towels and all such for nothing has attracted many candidates for these honors to the examination rooms. According to the Milwaukee paper it is a bonanza for the denizens of the city and incidentally helps the candidates to pass a successful examination.

Serenade—Schubert, Mrs. May Echlin.

BILL BATES TALKS  
ON THE SITUATION

Beloit Attorney Has Much To Say in a Milwaukee Paper This Morning.

J. W. Bates, of Beloit, who in the past has been associated with men who have invented and promoted speed cyclometers for use upon railway trains and other devices serviceable to the railways, was at the Pillsbury yesterday.

"While I am not active in political affairs, my observation is that our section of the state is enthusiastically in favor of the reelection of Senator Quarles," he said. "I have, of course, read the item in the newspapers that there was a move on foot to have Congressman Cooper come out as a candidate, but I do not believe that this meets with the sentiment of the republicans of Rock county. The great majority of the republicans believe in keeping Congressman Cooper in his present place and there is no question about the sentiment being favorable to a plan which includes Mr. Quarles for senator, Cooper for congress, and Baensch for governor. If a change is to be made in the congressman and Rock county is to have the choice, which I believe will be some time in the future, whether caused by death, promotion, or vacancy, United States District Attorney Wheeler will be Rock county's candidate for the position." JANESVILLE GIRL  
IN SMALL FIRE

Miss Kimball Escapes from the Burning Gama Phi House at Madison.

But for the fact that the partition walls were of good material of double thickness and the work of the Madison fire department the most excellent Janesville fireman might be today mourning the loss of at least one Janesville young lady. Miss Eureka Kimball, and many former graduates of the university to mourn the loss of dear friends. As it was the young ladies of the Gamma Phi Beta sorority at the university are today recounting their narrow escape from a fiery death and settling their dismantled home again.

Fire Broke Out. It was just six o'clock when the flames were discovered by a servant and in a few minutes the vicinity of 257 Langdon street was the scene of the wildest confusion. The firemen say that all that saved the building was the fact that it was a brick structure. The fire started in the furnace room and slowly worked its way up through the walls of three stories before being discovered. The girls were aroused by smoke and one or two were somewhat suffocated before awakened. They took refuge in the neighboring houses and were obliged to leave so hurriedly that many were clad in bathrobes and whatever they could quickly throw around them. The damage to the building will not amount to more than \$500, and some slight injury was done to the furnishings by smoke and water. Some of the girls later in the morning attended classes at the university, but others had not sufficiently recovered from the shock given their nerves to do so. The girls who occupy rooms in the chapter house are: Nellie A. Etter and Inez Etter, Monroe; Josephine H. Allen, Lake Geneva; Loretta H. Carey, Sioux City, Ia.; Bernice D. Hunter, Fort Atkinson; Eureka M. Kimball, Janesville; Annie S. McLeneghan, Beloit; Martha G. McDonnell and Mary A. McDonnell, Evansville; Violeta Forena, McDonough; Elva Chalmers, Nellie Miller, Monroe, and Louise Dural, Monroe.

## Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Do make any mistake, but remember the name of Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## HOW HYOMEL HELPS THE HEALTH.

Kills the Germs of Grip, Catarrh and Colds. "Costs Nothing if It Fails." Say Peoples' Drug Co. Now that Hyomel can be obtained in nearly every town and city in the country, it is possible to buy from druggists a health giving climate, to be carried in the purse or pocket. By breathing it a few minutes four times a day you can soon cure grip, coughs, colds and even the worst and most chronic cases of catarrh. The Peoples' Drug company have seen so many remarkable cures made by Hyomel treatment, that they sell it with the positive agreement to return the money if it fails to cure. A complete outfit costs but \$1, and consists of the pocket inhaler, medicine dropper and sufficient Hyomel to last several weeks.

It effects a cure in the worst catarrhal troubles and if breathed at the commencement of a cold or the grip, will check it quickly and prevent sickness. Extra bottles of Hyomel can be obtained for 50c.

When breathed through the inhaler, the germ-killing and health-giving Hyomel goes to the most remote cells of the throat and lungs, soothing the irritated mucous membrane and vitalizing the blood with ozone.

At this season of the year, every one should have a Hyomel outfit to prevent and cure catarrhal troubles and ward off attacks of grip, pneumonia and similar germ diseases.

## COUNTY NEWS

## MILTON.

Milton, Jan. 19.—Rev. Dr. Platts and wife were the victims of a genuine surprise party at the Seventh-Day Baptist church parlors Sunday evening. Their parishioners in large numbers had assembled, bringing with them the materials for an excellent oyster supper. When the pastor began eating his consummation he soon discovered that it contained not only oysters, but some foreign substance. After careful investigation he found that it was not a pearl fishery he had, but a mine from which he dug out nine five dollar gold pieces. This was another very agreeable surprise that his friends had perpetrated. The occasion was a very enjoyable one for all concerned and its promoters did their work well. Mrs. Platts was presented with a cake decorated with fifty ten cent pieces.

The first basket ball game of the season was played Thursday evening between the college first and second teams. The first team won by a score of 37 to 11.

## For Mothers and Daughters

Zoa Phora Cures the Pain and Suffering of All Women—Trial Bottle Free to All.

The women of America do not hesitate to express their gratitude to Zoa Phora. It has brought them so much relief from suffering and caused them so much happiness that they are sending their letters of praise in every mail. Zoa Phora cures them where other remedies and doctors have failed utterly. It will cure any woman of any disease peculiar to her sex. It brings about perfect, safe and permanent cures of leucorrhea, painful or suppressed periods, irregularities, flooding, piles, liver, kidney and bladder troubles, makes childbirth easy and regulates the chance of life. For young girls budding into womanhood its effects are unexcelled. Mrs. F. Ulrich, Maumee, Ohio, says: "My daughter and I have been taking your medicine and can highly recommend it. I am still taking it. I have been a sufferer for more than 20 years, and I find it beneficial and I can now perform my household duties. Without your medicine I would be bedfast. I trust this statement may be of benefit to some one."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free bottle and copy of their illustrated medical book, "Dr. Pencil's Advice to Women." The doctor will gladly give free medical advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

## OGLESBY RESIGNS HIS PLACE

Rumor at Springfield That Yates May New Private Secretary.

Springfield, Ill., Jan. 19.—It is rumored that Colonel John D. Oglesby has resigned as private secretary to Governor Yates and that Charles Tenney will succeed him. Oglesby, who is the son of the former governor, is the subject of the recent sensational report of a secret marriage. It is said he had admitted his marriage to Miss Ames and that he intended to publicly announce it after the Republican love feast at Springfield, Jan. 27. Oglesby and his wife will go to New Orleans in February to attend the Mardi Gras.

## IOWA LAD KILLS HIS MOTHER

Twelve-Year-Old Boy Was Carelessly Handling a Loaded Gun.

Burlington, Iowa, Jan. 19.—The agony of Charles Crabtree, a twelve-year-old boy, was so unmistakably sincere when he told the coroner who he had killed his mother that the coroner ordered a verdict exonerating him. At the Crabtree farm, eight miles from Burlington, the boy was carelessly handling a shotgun which he did not know was loaded, when the weapon was discharged, the entire load taking effect in his mother's neck. Death was instantaneous.

## Insurance Swindle.

San Francisco, Cal., Jan. 19.—The police have secured evidence which tends to show that Leon Soeder was only one of a band of conspirators who sought to swindle insurance companies by the murder of Joseph Blaiso on the night of Jan. 10.

## Says Wentz is Found.

Knoxville, Tenn., Jan. 19.—E. L. Wentz, son of a Philadelphia millionaire, who has been missing from Bigstone Gap, Va., since October 14, is again reported found, but under what circumstances the family will not state.

## Confesses to Murder.

Boston, Jan. 19.—J. Wilfred Blodin, who was convicted of the murder of his wife Margaret and sentenced, to life imprisonment in the state prison at Charlestown a year ago, has confessed, according to the state police.

## Ladies Only.

It Is Women Who Need Most Relief From Little Irritating Pains and Aches.

Dr. Miles' Anti-Pain Pills are for women.

Woman's delicate nervous organism tingles to the least jarring influence, and some ache or pain is the result.

The remedy is at hand—Dr. Miles' Anti-Pain Pills.

They act most marvelously on woman's nervous organism, and relieve and cure the pains to which she is a martyr.

Headaches, neuralgic pains, monthly pains, and all kinds of pains disappear, as if a gentle hand had lightly soothed them away. Dizziness, Rush of Blood to the head, Toothache, Backache are all cured by these "Little Comforters."

Cured without danger of disagreeable after-effects; cured quickly; cured without unnatural action on liver, stomach, or other internal organs.

Dr. Miles' Anti-Pain Pills please the women, and the children take them because they are easy to take and soothe all their sufferings.

"For years I had spells of sick headache, at times suffering untold agonies. Headaches, neuralgic pains, monthly pains, and all kinds of pains disappear, as if a gentle hand had lightly soothed them away. Dizziness, Rush of Blood to the head, Toothache, Backache are all cured by these "Little Comforters."

## Important to Women!

## EVERY WOMAN

knows that the secret of a successful and happy life lies in preserving the Charms she already has, or in restoring those she has lost. She may have the sweetest disposition in the world, but unless nature has bestowed upon her a clear complexion, rounded features, a well-turned neck and beautiful bust she is seriously handicapped. Men are attracted and held by these charms, and she is a wise woman who will strive by every means to preserve or restore these blessings.

## DR. CHARLES FLESH FOOD

should be used by every Woman who has the least desire to be attractive. It is the only preparation that will round out hollowed, thin cheeks or scrawny neck with FIRM, HEALTHY FLESH and REMOVE WRINKLES from the face and hands, no matter how deep the furrow.

FOR DEVELOPING THE IMMATURE BUST or to make the breast firm, large and beautiful, nothing can equal it. To prevent the breasts from shrinking mothers should always use Dr. Charles Flesh Food after weaning baby. It will also restore a bosom to its natural contour and beauty lost through this cause.

## SPECIAL OFFER.

The regular price of Dr. Charles Flesh Food is \$1.00 a box, but to introduce it into thousands of new homes we have decided to send two (2) boxes to all who answer this advertisement and send us \$1.00. All packages are sent in plain wrapper, postage prepaid.

FREE. A sample box—just enough to convince you of the great merit of Dr. Charles Flesh Food—will be sent free for 10 cents, which pays for cost of mailing. We will also send you our illustrated book, "Art of Massage," which contains all the proper movements for massaging the face, neck and arms, and full directions for developing the bust. Address,

DR. CHARLES CO., 19 PARK PLACE, NEW YORK.

At these prices you can buy the noblest of the season's Military and Full Back Coats, many of which were originally priced at \$20, \$22 1-2 and \$25. Certainly the time is NOW.

## Furs and Fur Coats

January reductions on all Fur Scarfs, long Boas and Muffs. In Fur Coats have several large size garments in stock—40, 42 and 44 bust, length 24 inches; price, \$25.

**POSTAL CHECKS.**  
The rapid extension of the rural free-delivery service increases the demand that the Government shall provide some easy, convenient, and safe method for the transmission of small sums of money through the mails, and I urge upon Congress the importance of passing some law which will insure our people this advantage at an early date as possible. As the rural free-delivery service has been extended the number of letters carrying small amounts of currency has greatly increased. At present there is no convenient method provided in the rural districts for making such remittances through the mails except in currency or postage stamps, and such currency and stamp remittances are a constant temptation to those handling them.

Carter Harrison has too much on his shoulders now with the Illinois fire disaster to try and mention the seat in the presidential chair. His own mayors chair is wobbling too much to write very plainly these days.

Illinois is having a great time with its gubernatorial candidates. A lawyer, a farmer and a politician are all trying for the nomination with a few others on the side making steps towards the apple when no one is looking.

It is claimed that Panama is getting ready to ask for admission to the United States by gently knocking at the big front doors. Colombia says that Panama always was a knocker.

Perhaps all opposition to the nomination of Roosevelt may die out before the national convention when it is found how strong the sentiment really is for the strenuous little man.

Perhaps a few leap year parties at which the girls can learn to pay for the car fare carriages and flowers would be a good educator for the fair sex for future references.

Judge Baensch is said to have lost strength through association with the men who elected John C. Spooner to the senate. That is not a loss but a gain for the judge.

That Janesville boy who is spending time in the Chicago battle may dream of the balmy days when he followed Burr Robbins circus in its initial parade and wonder.

Colombia should have the fable of the goose that laid the golden egg thoroughly instilled into the minds of their school children to prevent any future mistakes.

Japan is ready to fight to its existence in the list of civilized nations. When it comes down to cases Japan beats some of them all the way through the deck.

Emperor William was in such a hurry to show off his voice at the opening of the Prussian Parliament he forgot to wait for the cheering to begin.

The Senate committee has reported favorably on the Panama canal bill with a few exceptions that do not count. Now pass the bill and start digging.

St. Louis promises to care for a hundred thousand guests at one time but this must include a goodly number of box cars that they may want to use.

New York people are talking of putting divorced persons under the

ban of social ostracism. They must be at last aiming at the Four Hundred.

Dowle has not yet started the work of colonizing the Sandwich Islands but it may occur to him now he has that five million safely stored away.

Koreans should be very careful not to kill any American citizens as Uncle Sam is mighty particular about little matters of this kind.

President Roosevelt has told Mark to cut bait or fish. Mark hesitates. Grover would have said "no bait cutting for me I will fish."

This old fashioned winter is appreciated by the young and old and many find they are not too old to enjoy sliding down hill again.

State politics are not boiling until that call from the people says to the governor stand forth for a third term. Then it will boil.

The average married man feels sorry for Smooth if he has as many wives as his enemies say he has or might have.

So General Bryant says that Mr. Lenroot is too young for the position of governor. What does Mr. Lenroot say to this.

There is one source of satisfaction in the fact that handwriting experts can not testify in the car barn cases in Chicago.

How old was Ann anyway?

## PRESS COMMENT.

Knoxville Sentinel: The Savannah camp of Confederate veterans who refused to send flowers to Gen. Longstreet's funeral did themselves no credit. That was not the real reason they did not send the flowers. The Gettysburg charges were never heard of during the war and were only hatched up after Gen. Lee's death.

Cincinnati Commercial Tribune: Felix Adler is asking, in all seriousness, why a wife ought to obey her husband. As usual with ethical gentlemen, Felix has the thing wrong end foremost. Let him first establish the fact that wives do obey their husbands, and then it will be time enough to ask why they ought to.

Nebraska State Journal: If the senate wants to make itself useful in connection with the postoffice graft let it push a bill extending the statute limitations for such crimes from three years to six. That would catch men once in a while who may be able to cover their tracks temporarily.

Knoxville Gazette: An exchange says it does not take any stock in "hand-painted hosiery." No, we'd

rather take our pictures on the bulletin boards. Let us have one attraction at a time.

Portland Oregonian: Three men of the Canadian northwest mounted police allowed a prisoner to escape. One of them got a year at hard labor and the others six months each.

Milwaukee Sentinel: McClellan begins gallantly with his coldest shoulder toward the grifters of Tammany; but it is not necessary to use a telescope to see his finish.

Ohio State Journal: Mr. Daniel J. Sully's purchase of a seat on the coffee exchange arouses the fear that some breakfast tables will have to be complete without it.

Washington Post: Japan is diverting her educational fund to war purposes. The original design of the fund was to teach the young Japanese idea how to shoot.

St. Louis Globe-Democrat: Mr. Bryan's proposed "conscience campaign" necessarily includes a single standard of conduct and a golden rule rated at par.

Atlanta Journal: Deacon Rockefeller was brought up a Baptist, but J. P. Morgan has not even that excuse for his fondness for watering things.

Minnesota's Supreme Court, in deciding a recent labor dispute, allowed the right of laborers to strike and to induce others to strike, and to use all means to win their cause which are compatible with law and order.

At Lyons, France, 10,000 employees in the silk trades have struck work, their demand being for an increase in wages and shorter hours. Efforts have been made to effect a settlement.

The general fund of the Cigar makers' union has been increased \$115,000 and its membership 2,507. The total funds amounts to \$800,000, while the membership is 40,877.

After several days arbitration a settlement has been reached and contracts signed by employers and striking cigar factory men at Fort Worth, Texas.

A movement is on foot to bring the strike situation before Congress. It is urged that some radical legislation is needed to remedy the present evils.

The American Flint Glass Workers' union has voted to affiliate with the American Federation of Labor.

Advices from Guatemala say that American and Canadian capitalists have contracted with the government to complete the northern railroad into Guatemala City, building sixty miles over heavy mountain grades in three years.

## BOMB WASN'T TIMED RIGHT

HENCE THERE WERE NO FIRE-  
WORKS IN COUNCIL CHAMBER.

## CHARLES SMITH'S WARNING

To City Fathers That Street Railway  
Co. Which He Is Soon To Buy Has  
Exclusive Rights on All Streets.

Just ten minutes after the adjournment of the city council at 9:10 last evening a small bomb, that was to have spread consternation and dismay among the ranks of the city fathers and the gallery that had gathered in the council chamber to attend the last services over the interurban franchise, was laid by a breathless messenger on the city clerk's desk on the second floor. Oblivious of this awful thing the aldermen were stepping blithely homeward. With them the watchful Plunkerton of the Morning Clarion.

### Council Is Warned

It was an inoffensive looking document, though framed in the traditional law office style. But it had big things to say: "TO THE MAYOR AND COMMON COUNCIL OF THE CITY OF JANESVILLE:—You will have notice that the Rock River Valley Traction company has a contract for the purchase of the Janesville Street railway, which it will carry out within the limits of the time allowed by such contract; that the franchise granted by the common council of your city in 1885 is exclusive for the term of thirty years, and that the same is in the judgment of this company a compact, and cannot be abridged or annulled by the granting of other franchises for the use of the streets of the city of Janesville during said exclusive period, and that it is not within the powers of your body to grant the same."

### Wants Streets Itself

"That it is the intention of this company to construct a line of electric railway over the streets covered by the proposed franchise asked for by the Southern Wisconsin Interurban Railway Co. Yours &c., ROCK RIVER VALLEY TRACTION CO."

By Charles D. Smith, President,  
Dated January 18th, 1904."

### What Ordinance Says

The ordinance passed on October 8, 1885, after granting to the Janesville Street Ry. Co. the right to maintain and operate a line, says: "The authority hereby granted shall, subject to the conditions and limitations in this ordinance contained, be exclusive for the term of thirty years from and after the passage of this ordinance." According to the ordinance, no other railway can build a line on Janesville streets without the street railway company's permission. It is believed, however, that the supreme court does not recognize the right of any city to grant such an "exclusive" franchise.

## FARMERS MUST HELP CARRIERS

Rock County Rural Patrons Must Now  
Do Their Part of the  
Work.

During the recent cold weather and snow storms of the past few weeks the farmers have been complaining that the rural free delivery carriers do not deliver their mail regularly and sometimes not at all. Several of the rural carriers of this city have been approached on the subject, and they all say that the farmers are mostly to blame themselves for not getting their mail as soon as it is delivered. By shoveling the snow from in front of their mail boxes, then, again, the farmers are expected to keep the country roads broken so that the rural carriers can travel them without causing much inconvenience to their teams. Two farmers do not seem to have the right impression as regards to keeping the snow away from in front of their mail boxes, this they must do if they wish to get their mail as the regulations say that the rural carriers are not obliged to leave their wagons when on their routes to put the mail in the box. The farmers are also obliged to put their mail boxes high enough on a post so the carriers can reach them from their wagons. The carriers do all they possibly can to reach the farmers with their daily mail and the farmers should do all in their power to help this good move along.

## BEET SUGAR MEN ENGAGE IN WAR

CANADA CONCERN INVADES THIS  
TERRITORY, SEEKING SITE.

## MENOMINEE FALLS CO. OBJECTS

And Will Fight Efforts to Secure Foot-  
hold Here to a Finish—President  
Wagner Makes a Denial.

Two sugar companies are engaged in a bitter war and the battleground is Janesville. The Menominee Falls company, which has thus far handled the beets grown in Rock county, amounting last year 1,080 acres, is at this moment making four-year contracts with the farmers for beets to be delivered at a new factory in Janesville not later than the fall of 1905. It is stipulated in the agreement that the foundations of that factory have not been commenced by March 15, 1905, the farmer may regard the contract as void if he so chooses. All of this work has been going on quietly with no outward blare of trumpets and Mr. E. Stark, agent for the company, opened up quarters at the Park hotel yesterday and commenced the work of contracting for the crops. This morning he had 200 acres and by tonight expected it to be 400. Three thousand acres in this and neighboring counties are wanted.

### Invaders on Scene

Quietly enough all of this work has been going on until the arrival on the scene today of Capt. Davidson and August Hopke of Dresden, Canada, officers of a big \$600,000 plant in Canada about forty miles from Detroit. This concern is seeking a location elsewhere and Janesville has been picked as a promising spot. The Canada Sugar company has been in correspondence with Secretary Bingham of the local Business Men's association for some time. It is understood that they ask for a free site. Their agent has also established himself at the Park hotel and is preparing to make contracts. Secretary Bingham is showing the committee about the city today.

### Communicates With Chief

In a letter to A. E. Bingham, Mr. Hopke of the Canadian concern is alleged to have stated that he had been informed by President Wagner of the Menominee Falls plant that the Wisconsin Sugar Co. would abandon any intention in the future to locate a beet sugar plant in Janesville if the Dresden company decided to build here; and that the Menominee concern had, in fact, never seriously considered the proposition of erecting such a plant here—that they merely sent out this report to get the acreage they wanted in Rock Co. Mr. Stark upon seeing this statement in a morning paper today, immediately communicated with Mr. Wagner at Menominee Falls.

Mr. Wagner was surprised that such a question should be put to him by one of his lieutenants but the latter quickly informed him that he wished to get his statement for the benefit of the farmers with whom the company is doing business. "You may say," said Mr. Wagner, "that it is an unmitigated falsehood—I never made any such statements." "We have expended about \$12,000 in developing the beet growing industry in this territory and if the city of Janesville gives the Canada concern a site and bonus here we will fight to a finish," said Mr. Stark. "We are not going to give up our acreage. If our factory is not built in 1905 the field is clear for another concern. We ask for no site, no bonus, no money. We want is the good will of the people. The farmers who did business with us last year, are all satisfied. There was some delay in handling some of the beets owing to the fact that the season was three weeks late, but this is not likely to happen again. Those who contracted with us this year will renew their contracts."

### Grows Somewhat Bitter

"The Canada concern," he continued, "is reported as giving as a reason for its intention to remove from its present locality, the statement that Canadian merchants will not purchase their product. We do not make that kind of sugar. Our output does not have to be washed. An expert cannot distinguish it from sugar. Why, seventy-five percent of the sugar sold in Janesville today is beet sugar, though few are aware of the fact outside of the dealers."

### What Mr. Bingham Says

"If the Canada company offers to build twice as big a factory as the Menominee Falls concern and build it during the coming season, it may be worth considering," said Mr. Bingham. "Yes, I understand that they ask for a site, but do not know of anyone just now who has such a prospect to offer. I do not think anything definite will be done right on—certainly not until the Menominee Falls concern has had a chance to show what it proposes to do."

### ENTERTAINED YOUNG FRIENDS

Mrs. Charles Gage Entertains in Honor of Howard's Birthday. A number of the young friends of Howard Gage, the 3-year-old son of Mr. and Mrs. Charles Gage, were entertained at their home on South Third street yesterday afternoon, in honor of Howard's third birthday. Games of various kinds were indulged in and an enjoyable afternoon was spent by the young folks.

### Notes of the Railroads

L. E. Cotter has been appointed superintendent of the middle division of the Wabash road, with offices at Decatur, Ill., succeeding Horace G. Clark, who resigned to go to Baltimore as manager of the Western Maryland and the West Virginia Central and Pittsburgh. Mr. Cotter is now superintendent of the eastern division, with office at Peru.

Negotiations are now under way between the New York Central and the American Locomotive company for the purchase of 112 locomotives for service on the New York Central and Lake Shore lines. The contract will amount to \$1,750,000 and it is expected that all negotiations will be completed and the contract signed within ten days.

## JEFFERIS MILL MAY BE MOVED

The Rumor That It Was To Be Moved  
to Spring Brook Very Shortly, Is  
Denied—May Come Some Day.

It was currently reported about the city last evening that the Jeffris Lumber company was contemplating removing their factory from its present site on River street to more commodious quarters in Spring Brook, within the near future. It was also said that the new factory site would cover fifteen acres of ground and the new mill to be erected would be most complete in all particulars. The reason for this move was assigned to the present cramped quarters of the present factory and the ever increasing business of the firm.

### Will Come Later

When asked regarding the talked of change this afternoon Mr. Fred Jeffris said: "We are not contemplating any such move at present. If it comes it will not be for a year and perhaps not as soon as that. Of course our business is steadily growing and we need more room and have ultimately remove to Spring Brook where we could have plenty of factory room and good sized yards and shipping facilities, but not just at present."

### Crowded District

"The factory district in which the Jeffris factory is at present located is certainly very crowded," said a prominent insurance man this afternoon, "and risks are consequently high. I would not wonder much if several other factories moved farther from the center of town within a short time."

## FAVORS MERGING OF THE CHURCHES

Congregation of Court Street Church  
Adopts Resolutions by Unanimous  
Vote at Meeting Last Night.

A regularly called meeting of the congregation of the First Methodist church met last evening to consider the question of uniting with the Court street church. The resolutions of the union committee from both congregations were discussed and adopted, the vote being practically unanimous. One member present did not vote; all others balloted affirmatively. In the quarterly conference which followed immediately thereafter, the resolutions were unanimously adopted. These resolutions contemplate the merging of the two churches at the close of the conference year on October 1. A board having an equal representation from each church will transact the business. There was a representative gathering at the meeting last night.

### BURN'S ANNIVERSARY

Annual Event Takes Place at Central Hall Monday Next.

The anniversary of the birth of Robert Burns will be celebrated in a fitting manner by the Caledonian society at Central hall next Monday evening. An especially fine program has been prepared and the committee of arrangements has everything complete for a celebration equal to any of the efforts of former years. Included on the program are Rev. R. C. Denison who will be the principal speaker, the Lyric quartette whose fine musical qualities are well known to the country, the talented elocutionist of Broadway, the Soverhill sisters whose performances are so popular, Miss Woodbury the pleasing musician, Miss Bessie B. Burch the talented soprano of Racine. Smith's orchestra will furnish the instrumental and dance music, and the festivities will commence at 7:30 o'clock. A most pleasurable time is looked forward to.

### The Program

## STORM RISING AGAINST LAWS

OBJECTIONABLE LAND LAWS ARE  
BEING DISCUSSED.

## CATTLEMEN ARE VERY QUIET

Do Not Think That the Present Laws  
Will Be Repealed—See Dan-  
ger in the Moves.

Western Congressmen have been inveighing against and stoutly defending the national land laws according as their interests lie. Some have asserted that under them gross frauds were being perpetrated in the West while others have pooh poohed the idea of fraud and claimed that the entries under them were legitimate and that the laws were a great aid in the "development of the west." Now comes the commissioner of the Land Office, with his annual report, in which he says that the order of the Secretary of the Interior for the investigation of entries made in the three states of California, Oregon and Washington resulted in the suspension of ten thousand applications. If the superficial evidence is such as to lead the government to suspect that anything like that enormous number of fraudulent entries has been made during a recent period in three states alone, it must be apparent, even to the most indifferent and least informed, that the Timber and Stone Act is a law easily susceptible of abuse.

### An Old Story in the West.

As a matter of fact the constant employment of the Timber law as a means of enabling lumber syndicates to absorb the most valuable public property for purposes of private monopoly is notorious in the localities where the thing is done. It is known to every man, woman and child. No one attempts to deny it, though some defend it on the ground that private capital must be tempted into the development of the country by the assurance of enormous profits.

The Commissioner also says in his report that there were enclosures of public land covering an area of 2,605,390 acres. Building a fence around the other people's property and proceeding to claim it as your own is a somewhat unique way of getting rich, but here is official testimony to the fact that the method is extensively pursued in certain localities.

### Portions of the Frauds Discovered.

The Commissioner also says that the figures he supplies represent but a fraction of this species of fraud, since he was obliged to recall his special agents from that field of inquiry and put on the trail of the timber thieves. The aggressive efforts of the live stock interests in certain parts of the West to enlarge their holdings by gobbling up valuable portions of the public domain is quite as notorious as the operations of those who are grabbing the forests. These facts have been made thoroughly known to the country. And there are many indications that the country will demand legislation to stop the looting of the public domain and save the rest of it for the highest uses of civilization.

### Public Demand for Legislation.

Some of the strongest newspapers in the United States, all the way from the Atlantic to the Pacific, have declared in favor of the repeal of the land laws—all but the original homestead law. Many of the most powerful commercial organizations and labor unions have done the same. With the exception of localities where live stock and lumber interests dominate public opinion, Western sentiment is also largely in line with the demand for repeal.

It is no exaggeration to say that a storm of protest and indignation is sweeping over the land and demanding that there shall be no further misuse of the people's estate. Leaders of the present Congress announced that there will be little legislation at this session. Whatever else is done or left undone, the country cannot afford to neglect this paramount duty to the homeseekers of the future.

## WICKS FINDS IT VERY COSTLY

He Has to Pay His Last Matrimonial  
Venture Nine Thousand  
Dollars.

While his daughter is dancing for a living upon a music hall stage in London and his first wife remains at her parents' home in St. Louis, Thos. H. Wicks, the palace car magnate, is settling up the question of alimony with the last Mrs. Wicks and has at last arranged matters at the fixed sum of \$9,000. Possibly Mr. Wicks considers this cheap considering the amount of care he was forced to take with special policemen and special detectives to watch his matrimonial venture at his beautiful Kenwood home in Chicago. Possibly he may now turn his attention to his daughter, Lillian Wicks Ford, and bring her back from far-off London, or he may look for another wife to take the vacant seat at his table.

## FINDS HUSBAND NEAR DEATH

Man at Marion, Ind., Believed to Have Been Poisoned by Enemies.

Marion, Ind., Jan. 19.—Mrs. John W. Good returned from a visit with friends in Indianapolis and found her husband lying on the floor of their home apparently dead. She notified her neighbors, the body was placed on a bed and an undertaker called. It was discovered that his finger nails had a pink color, which indicated life. A doctor was called, who worked with Good all night and restored him to life. Good declared he has been followed by enemies for some time, who have threatened his life. He said he was so impressed with the thought that he would be poisoned that he was unable to enjoy his meals. Physicians say he was poisoned and that cocaine was used.

## INDICTED BANKER IS SET FREE

Judge Declines in Favor of William Martindale of Emporia, Kan.

Kansas City, Mo., Jan. 19.—William Martindale, former vice president of the First National bank of Emporia, Kan., who was indicted for misapplication of the bank's funds after it failed a few years ago, was freed by a decision rendered by Federal Judge John F. Phillips in Kansas City. Following the failure of Charles F. Cross, president of the bank, a noted Kansas stock breeder, committed suicide, Martindale is one of the most prominent men in Kansas.

## Seek to Mob Prisoner.

Des Moines, Ia., Jan. 19.—Mutterings of threatened mob violence caused Chief of Police Brackett to double the guard about the city jail, where W. W. Steele, an old violin maker, is imprisoned. Parents of twenty children Steele is said to have lured into his workshop are clamoring for his life.

## Fall to Find Treasure.

San Francisco, Cal., Jan. 19.—Mr. McManus and C. Thompson of Halifax, N. S., have returned to San Francisco from an unsuccessful search for treasure in Terra del Fuego. They sailed from Nova Scotia on March 17 last.

## Fire in Hotel.

Marion, Ind., Jan. 19.—A serious fire broke out in the Colonial building, a four-story flat structure. Men, women and children became panic stricken. The occupants of the building were carried down ladders.

## First White Men on River.

Cananea, Mexico, Jan. 19.—J. S. Nicholls and Sid Mullen of Douglas,

Arizona, have just completed a survey of the Yaqui river. They are the first white men to navigate the whole length of that river.

## School Building Burns.

Kalamazoo, Mich., Jan. 19.—The Vine street school building burned and the loss will be about \$20,000. Five hundred pupils, trained by the fire drill, left the building inside of a minute without accident.

## Heavy Fire Loss.

New Haven, Conn., Jan. 19.—Fire and water completely wrecked the Handley building, owned by Miss Hannah Bennett, causing a loss of \$150,000. A score or more of tenants lost everything.

## Find Body in Road.

Baltimore, Md., Jan. 19.—Armed men are searching for the assassin of John Beckman. Beckman was shot to death. He was found on a turnpike. He was not robbed.

## Frightens Wife to Death.

Neville, Ohio, Jan. 19.—Floyd McMeans, charged with having frightened his wife to death while drunk by flourishing a revolver, has been arrested.

## Bailey Hits at Panama Pact.

Houston, Texas, Jan. 19.—In a statement wired from Washington, United States Senator W. J. Bailey says he will retire from public life before he will vote for the ratification of the treaty with the republic of Panama.

## Defines Negro's Rights.

Washington, Jan. 19.—In the case of Rogers vs. the State of Alabama, the Supreme court of the United States has sustained the right of the negro to serve as a juror in criminal cases.

## PREVENTED PNEUMONIA

E. M. Clifford of Buffalo Was Cured by Father John's Medicine.

Mr. Edward M. Clifford of No. 124 Sandusky street, Buffalo, writes: "For the benefit of others I most cheerfully recommend Father John's Medicine as a body builder and sure cure to any person troubled with colds or coughs. I was troubled with a bad cold and was threatened with pneumonia. After the first bottle I found myself much improved and after the third bottle I was entirely rid of the cough and soon began to gain in strength and flesh. You are entirely welcome to use my name. I will be ready at any moment to recommend your medicine to any person." (Signed) Edward M. Clifford. Cures colds or money back. The Badger Drug Co., corner Milwaukee and River streets, sell Dr. John's Medicine.

## STRAIGHT TALK ABOUT GETTING WELL

If this was the only medicine advertisement in this newspaper, we believe you would quickly try a bottle of our Rexall Mucu-Tone. But you have read the extravagant claims of so many marvelous medicines that you have grown skeptical. Let us reason with you a moment.

We say to you positively and without reservation that we have never before known a tonic or catarrh cure to accomplish the results worked by Mucu-Tone. It is a scientific, meritorious, reliable remedy. We know how it is compounded, and we unhesitatingly give it our endorsement—not only our endorsement, but our guarantee. If you try a bottle of Rexall Mucu-Tone and are not thoroughly satisfied with it, we will refund your money promptly, cheerfully and without any red tape.

Now, we can't afford to allow such strong statements to be printed in our advertising space unless we know we are right. If we deceived you in this advertisement, we would lose your confidence and your trade—and we don't spend money in advertising for the purpose of losing trade.

## SOME OF OUR REASONS.

Let us give you some of our reasons for talking so earnestly about Rexall Mucu-Tone.

You know that our bodies are lined with a thin, web-like skin called the mucous membrane. It begins in the nose and mouth and extends down the throat through the stomach, intestines and bladder. It also covers the liver and kidneys; and in women, the pelvic organs.

Now this membrane is composed of millions of tiny cells filled with a fluid called mucus, which is a sort of lubricant for the various organs. If a few of these cells should become choked up and unable to supply this fluid, it would cause sickness; if most of them were so affected it would cause death.

## WHAT IT MEANS TO BE "RUN DOWN."

This is what causes the state of ill health and weakness which exists when you are "run down."

when the doctor tells you you are suffering with "general debility."

We know of one remedy that will correct these conditions and restore health—Rexall Mucu-Tone.

There is no need of a technical description of how Mucu-Tone on going into the stomach is quickly taken up in the digestive process and, entering the blood, is carried through the net-work of tiny capillaries and so is brought in direct contact with the sore membranes.

## NEW LIFE! NEW VIGOR!

What you—what all of us—are interested in is getting rid of the pain we are suffering, in regaining the strength we have lost, in restoring the vigor of youth, in filling our arteries with rich, red blood and building up our bodies and in steadying our fagged nerves.

Rexall Mucu-Tone does all of this and does it quickly. There is no long waiting for promised effects to slowly make their appearance; no months of deferred hope; no realization that you have again wasted money that you could ill afford to lose; no final despair.

## MRS. BEAUREGARD TELLS EXPERIENCE.

"I have taken every catarrh remedy I ever heard of—have tried each of them faithfully—in my efforts to get rid of a bad case of catarrh of the stomach and intestines which for three years has made my life miserable, but I can truthfully say that none of them can in any way compare with Rexall Mucu-Tone. The others may have helped me somewhat but—Mucu-Tone cured me. I did not believe it possible that I could ever again feel as well as I have for the past three weeks. Twenty years have apparently been taken off my shoulders and I feel so well I could almost shout for joy. All pain and all of the nauseating symptoms have disappeared. Good, red blood is coursing through my veins and I am as strong as I am happy. All success to Mucu-Tone."

Mrs. Beauregard  
219 Second St., Albany, N. Y."

We know that Mucu-Tone will do all this and we hereby agree to refund your money if you find it otherwise.

Mucu-Tone is one of the famous Rexall Remedies, which are sold only at our store. Large bottles, 89 cents. Mail orders filled.

## Our January Reduction Sale Continues Till Feb. 1st

The first week of the sale, last week, was a decidedly lively one. . . . People who came bought liberally, fully realizing that they were getting **Bargains**, not imitations. As the sale goes on the interest increases. The second week will no doubt be bigger than the first. Hundreds of last week's satisfied customers are doing much free advertising for us. They found that we are doing even better than we promised.

## Not Easily Gulled.

Probably no section of the state contains a better posted lot of dry goods buyers than Southern Wisconsin. All the statements contained in an ad. must be fulfilled. You know what Lincoln said about fooling all the people all the time, &c. It can't be done.

## Cloak Buying Time.

January Reduction Prices are attracting many people. Surely it is a chance to economize. No matter whether one bought a cloak in November or buys one now, the garment will be worn for two or three winters as a rule. Only a difference of a few weeks. **Be wise and BUY NOW.** Have cloaks for the grown-ups, the partly-grown, the tender shoots.

**Suits at Cost; a good purchase. Bargains in Blankets, Linens, Outing Flannel, Undertwear, Dress Goods, Silks, Skirts, Waists, Prints, Ginghams, Percale, Petticoats, Curtain Goods, &c. . .**
